**Chiusura laterale**  
Lateral Locking

Per la reversibilità e per ottenere soluzioni a due punti di chiusura è necessario disabilitare uno o entrambi gli scrocci centrali non utilizzati per mezzo dei tappi copriforo in nylon inclusi nella confezione del maniglione.  
Per le combinazioni possibili, fare riferimento alla parte "Configurazioni" alla fine del documento.

**Chiusura duplice**  
Double locking

For the reversibility and for having two locking points solutions, it's necessary to disable one or both the central latches not needed using the nylon caps included in the box.  
For the combinations possible, see the relevant part "Compositions" at the end of the document.

**Chiusura triplice**  
Three locking points
